Project Overview

PML have been the lead consultant during the design and construction of the Approved Premises for Male and Female Post Release Prisoners.

Programme and Project management services have featured significantly within this process, as a result a number of PML's management skills were utilised.

The Service

- Preparation of the Project Handbook and management strategy
- Project programming and management
- Progress reporting and management of all communicative processes
- Co-ordination of all members of the consortia and project advisors
- Development of project change control systems
- Dispute resolution
- Validation of life cycle cost plans
- Property and Facilities Maintenance Strategy development
- Facilities Management Mobilisation
- Procurement of advisors and specialist contractors
- Management of building handover and opening process

The Benefits

- Proactive management of progress against project milestones
- Robust change control processes
- Structured and transparent communication to all project stakeholders

The Value of PML

- Significant experience in the delivery of complex projects
- Commitment to client for the ownership and delivery of solutions
- Demonstrable track record of successful delivery
- A multi-disciplined and experienced team
